

New Development Guidelines

Thank you for considering Devmir Legwear Inc., in your pursuit of socks development. We have been in business since 2002. We produce primarily in Turkey and to a lesser extent in the USA. While we can produce and develop most foot wear in all yarns, we specialize in organic cotton, bamboo and merino wool. We are also particularly sought after, for our seamless toe production.

We have a program in place for private label development. The cost of \$3000.00 covers the following:

- 1) Up to 5 Styles
- 2) 3 production revisions based on your comments
- 3) Yarn cost with the exception of any specialized yarns
- 4) Knitting cost
- 5) Engineering and consulting
- 6) International and domestic shipping of samples
- 7) All samples are for design only. Not color.

NOTE: Beginning with the 6th style cost is \$150.00/style.

We look forward to working with you. Please let us know if you have questions.
